Chinese Institute of Engineers (CIE) was first founded in 1917 in the United States by a group of dedicated and far-reaching Chinese engineers who graduated and were trained in the United States. The objective of CIE/USA is to promote information exchange among engineers and scientists who are interested in the well-being of the Asian Pacific American (APA) community in the U.S. and abroad.

Chinese Institute of Engineers/USA - Seattle, formerly the Society of Chinese Engineers of Seattle (SCES), was founded in 1962 and joined the prestigious CIE/USA in 1987 as the CIE/USA Seattle chapter. In conjunction with six other chapters in the United States, the Institute has been hosting the renowned National Engineers Week “Asian American Engineers of the Year” (AAEOY) gala event during National Engineers Week for the past 12 years. Among the corporate leaders, scientists and engineers that have been honored, 8 were Nobel Prize laureates.
